

## Long Range Infrared LED Illuminator

**Distance:** 100~200m (328-656 ft)

**H.V Angle:** 20°

**Power Requirement:** 12VDC

**Power Consumption:** 20W

**Power On:** CDS Auto Control

**LED:** 168 unit Infrared LEDs

**Window:** Ø 122mm Heat- Resisting Glass

**Status:** Under 2 LUX by CDS

**Wave Length:** 850nm

**Construction:** Aluminum Cylinder housing with metal bracket

**Operation Temperature:** -20°C to 60°C

**Dimensions:** 155 x 240 x 280mm

**Waterproof:** IP65

**Power:** only non regulative adaptor DC12V

**Weight:** 2.4Kg
